

## SELF DEVELOPMENT BOOK LIST

In addition to all the training that Herbalife has to offer, these are just some titles that many successful people have read and recommended. Many of us start our day by reading from one of these books or listening to an audio version (book on tape, CD, YouTube). In order for your life to change - first you must change - or your life will always remain as it is now. Give yourself the gift of some time each day toward the goal. You deserve it!

**We suggest to start with the Highlighted Books and then go down the list from there! They were put in a specific order designed for your best succes! :)**

*Most of these books and tapes can be found in the library or if you want to build your own success library as I recommend, go to [www.amazon.com](http://www.amazon.com) and buy the used versions for pennies on the dollar. You can actually get new books that people are selling on there for greatly reduced prices! However you do it, just start reading. It will change your life forever!*
